PROFESSIONAL SUMMARY

A Full Stack Developer proficient in Java, C, SQL databases, and web development technologies including HTML, CSS, Bootstrap, ReactJS, and Django. Strong commitment to delivering scalable solutions and integrating emerging technologies such as Hibernate and AWS. Certified AWS Cloud Practitioner and Red Hat Certified Enterprise Application Developer, dedicated to driving innovation and excellence in technology solutions.

EDUCATION

- **KL University, Vijayawada, Andhra Pradesh**   2021-Present
  BTech, Computer Science and Engineering   *CGPA: 9.2*

- **Sasi Junior College, Tanuku, Andhra Pradesh**   2019-2021
  Board of SSC-MPC   *Marks: 950/1000*

- **Ameya World School, Vizag, Andhra Pradesh**   2018-2019
  CBSE   *Marks: 400/500*

PROJECTS

- **WEATHER API**   Sep 2023 - Nov 2023
  - Developed and optimized a weather API utilizing HTML, CSS, and JavaScript for frontend functionalities and implemented Spring Boot with microservices for backend operations.

- **CAR RENTAL SYSTEM**   Dec 2022 - Mar 2023
  - Front end built with React.js. Server-side application using Node.js. Utilizes MongoDB as the database. Enables users to search for cars, make reservations, and manage bookings.

- **SERVICE MANAGEMENT SYSTEM**   Aug 2022 - Nov 2022
  - Developed in PyCharm. Combines HTML, CSS, Flask, and Django. Full-stack solution for managing services, clients, and resources.

SKILLS

- Coding: Java, Python
- Databases: MySQL, SQL
- Frameworks: SpringBoot, React JS, Django
- Technologies: Microservices, Machine Learning, Deep Learning, Full Stack Development, HTML, CSS, Bootstrap, Java, Hibernate, AWS

CERTIFICATIONS

- AWS Cloud Practitioner   June 26, 2023
- Red Hat Certified Enterprise Application Developer   August 9, 2023
- AICTE - AI AND ML Virtual Internship

TOOLS

- Power BI Desktop
- Figma
- Canva
- Flutter

CODING PLATFORMS

- Codechef: sc2100032019
- Leetcode: SASI2100032019
